Bonnie Lynn Tran

works on (WEBSITE) (BRAND) and (VISUAL IDENTITY) design projects.

Work Experience

JULY 2020 – CURRENT

Designer @ Radish Lab

Work with nonprofit clientele to develop brand and website design systems. Responsibilities include brand strategy, visual research, user experience and interface design, print design, and internal workflow process development for the design and development team.

SEPTEMBER 2019 – JULY 2020

Junior Designer @ Radish Lab

2018 – 2019

Service Design Apprentice

@ NYC Mayor's Office of Economic Opportunity

Conduct design research in efforts to explore how New Yorkers access and interact with city services. Work with families, child welfare workers and support providers to create tools and resources that better account for family needs during the referral process. Responsibilities include research strategy, workshop design and facilitation, conducting interviews, data synthesis, and data mapping.

2018 – 2019

User Experience Design Intern @ Carina

Visualize design systems, create interactive prototypes, and support user experience and product development for a nonprofit healthcare startup who serves people who need direct home care and the workers who provide it.

PRE-2018

Ringer upper of self-serve froyo, **refiller** of toppings, **barista** of boba tea, **slicer** of deli meat & **more...**

Education

2014 – 2018
